## EDITORIAL

Welcome back. The months seem to be flying by recently. It is approaching Easter again.

If you were not aware, we shelved the monthly breakfast runs for something a little more sustainable as enthusiasm for the runs was waning. It has been decided that we will have a breakfast run once a quarter (Every three months). The first run will be in March and the details will be made known at bonnets up.

It was International Womens day this week and in the spirit of the day I thought I would include some men and women jokes so that we can all remember to laugh at ourselves every now and again.

The February bonnets up sported little in the way of American cars which was the theme but we seemed to land up with a yard full of sports cars. It was an interesting turn of events given that March's theme is sports cars. Now to see what happens this month....

## O D INGG'S MEMORIAL RUN

The annual O D Ingg's Memorial Run will take place in the Albany district, starting at 0930hr on the 19th March 2016 from the Rosehill Mall, Port Alfred, overnighing in Port Alfred and ending at mid-day on the 20th March 2016. Breakfast facilities are available at the start point.

An evening function and dinner will be held at the Port Alfred Ski Boat Club on Saturday night. The prize giving lunch will also be held there on the Sunday. These functions and lunch on the first day and tea on the second day are covered by the entry fee. A list of popular B&B's is available on request.

Cars and motorcycles manufactured before 31<sup>st</sup> December 1985 are eligible to compete and entry fees are R600.00 per vehicle. Additional passengers will be charged at a rate of R275 each if they require all the meals

All vehicles must have a minimum of Third Party Insurance. If entrants do not have insurance cover, SAVVA Event Insurance is available at a cost of R50 per event. Entrants who do not have insurance must do so timeously and provide proof thereof.

All drivers and navigators must be current members of recognised clubs and hold valid SAVVA indemnities. All entrants must provide proof.

The attention of entrants is drawn to the SAVVA safety requirements.

A mounting bracket to mount the disc numbers on front must be provided.

This event has been popular and well supported in previous years and we hope to have an equally successful event this year.

Please contact Bill Martin (Tel 071 509 0169 or 071 675 4570 or email: [club@avcmc.co.za](mailto:club@avcmc.co.za)) if any more information is required.

### **SAVVA Technical 106 – Torqueing cylinder heads**

This tip is for DIY mechanics like me. i.e no formal training. If you are an experienced mechanic please don't read any further.

#### **For us amateur mechanics:**

Just when one thinks one knows a little bit about fixing cars something comes along to prove you actually don't – and it's often said that a little knowledge can be dangerous.

I recently had a cylinder head go bang on me and couldn't understand why as it was only a year since I had the head overhauled and a new gasket fitted. I showed the damaged head gasket to the "experts" who all came back with the same question – did you re-torque the head after running the engine in.

Answer – No!

I've now fitted a new gasket and promised to re-torque it after the prescribed 1000 kilos or so. However, what I did learn from these "wise men" is how one should re-torque a head.

Apparently one should first loosen each bolt in turn, in the prescribed (workshop manual) sequence, and then retighten it to the next required torque figure. In the past I've just moved the torque setting on the torque wrench to the next calibration without first loosening the nut or bolt.

I also recall reading/hearing that one must never use washers under the head nuts or bolts, (which one so often sees) also, they should never be greased - they must go on/in dry.

It would be appreciated if some of the experienced hobbyists, mechanics, fix-it-upperers could make comment on this please.

Comments to [secretary@savva.org.za](mailto:secretary@savva.org.za)

Apparently I snore so loudly that it scares everyone in the car I'm driving.

You know your children are growing up when they stop asking you where they came from and refuse to tell you where they're going.

The only way to pull off a Sunday afternoon "quickie " with their 8-year-old son in the apartment was to send him out on the balcony with a Popsicle and tell him to report on all the neighbourhood activities...

"There's a car being towed from the parking lot," he shouted. He began his commentary as his parents put their plan into operation.

"An ambulance just drove by!"

"Looks like the Andersons have company," he called out.

"Matt's riding a new bike!"

"Looks like the Sanders are moving!"

"Jason is on his skate board!"

After a few moments he announced... "The Coopers are having sex.

Startled, his mother and dad shot up in bed.

Dad cautiously called out..."How do you know they're having sex?"

"Jimmy Cooper is standing on his balcony with a Popsicle."

## Bike News for the Hornblower : February 2016

### January's Mid-Month Ride:

The first mid-month ride, hosted by Stephen and Lesleigh Peate, was to Umzinkulu River Lodge near Underberg. The ride was dedicated to burn victims with a talk and informative presentation given at the pre-ride social on the work carried out by her team, as well as how we, as individuals could assist these victims. For more information please visit their website – [www.burncare.co.za](http://www.burncare.co.za).

In the early hours of Sunday morning the difficult decision was taken to forego the motorbikes for the boring alternative – motor cars, this being due to inclement weather and in consideration of the safety of riders and pillions. A few brave souls attended on their bikes and the weather was comparatively kind in that there was only a small shower and mist along the way. The venue was absolutely stunning with a delicious breakfast being served in the garden overlooking the river. Thanks to all who attended with special thanks to the management and staff of the lodge as well as our hosts for looking after us so well.

### February's Mid-Month Ride:

Our second ride of 2016 saw three separate groups heading for Intaba View where we all met with our hosts, Klaus and Magda Michels for the next stage of the ride to Siggie's German Restaurant in Salt Rock on the north coast. On arrival at the venue, we were welcomed by our host, Klaus and entertained by Gunther who was tasked with singing the German National Anthem as punishment for not advising the host of his intention to join the ride. A delicious breakfast followed and was enjoyed by all.

## ***Sunday Tribune - Cars in the Park 2016***

Dear Car & Bike Enthusiasts, Exhibitors, Club Members, Traders and Families,

Thank you to all those that participated in last year's event, and to make it the success it was. We hope to see you all again, with all your family and friends. We had a few issues at the new venue but these have all been addressed so it should all run smoothly.

### **Important Notice - Please read carefully**

The "Sunday Tribune – 41st Cars in the Park" will be held on Sunday the 15th May 2016 at the Ashburton Training Centre, Pietermaritzburg. With the number of exhibitor's vehicles, and to accommodate everyone in an orderly manner we again ask everyone to register online, which worked very well last year. Bikers who want to display their bikes must also register this year. Registration will open on the 21st February 2016.

### **Online Registration**

For those that registered last year should remember what to do. We in fact only had a handful of problems so everyone managed exceptionally well.

To recap how the registration works follow the steps below:

1. Log onto Cars in the Park Web Page <http://www.carsinthepark.net>
2. There you will get the choice to either, Register your Vehicle or download the site Map. The site map is currently not up to date and as soon as this is done you will be advised accordingly.
3. If you were previously registered you can log in with your email and password, alternately go to the page to register, and on this page enter the details required your First Name - Last Name – Password – Email Address – Phone Number. If you registered last year you will still be on the system and may just need to get a new password if you have forgotten yours. Keep your password simple 9999 or 1234 something that is easy to remember.
4. For new registration, once all this information is entered correctly click on "register". An email will then be sent to you and ask you to activate your account. Click on this and your account will be activated. The email sent should be with you in a few minutes, if it does not arrive within an hour please check that it has not been caught in your spam or junk mail.
5. Go back to <http://www.carsinthepark.net> and log back into the webpage with your email address and password.
6. You will be taken to your vehicle entry page and then click on "Add record".
7. Add all the required information then click on "save and go back to list"
8. As soon as this is done an email is sent to the administrator, who will register your vehicle within a day or two. An email will be sent back to you to confirm that your vehicle has been registered, with an attached PDF file, print this form, which will have your information on it, including the stand number to indicate where you will be situated at the venue on the day.

9. This is your identification and registration for the event. Please make sure you have it on your vehicles windscreen when you arrive at the event.

10. If you have made a mistake with your information, or you want to change the vehicle that you want to bring, add a new vehicle with the correct information. Then go to your vehicle that you want removed and click on delete, and your vehicle will be deleted. A new registration form will be sent to you for the new vehicle once authorized. Every time a modification is made to the registered vehicles you will be sent an email with the updated information.

11. This will save you registering your vehicle at the venue, and assist the Marshall's to direct you to your stand, which will be on your registration form, without any delays. The original registration system, will still be available on the day for those that require it. This will be done at the registration tent near the entrance gates.

12. If your club is not loaded, go to clubs and add a record with the relevant information for your club, and the administrator will authorize your club.

13. A representative of a club can register all the member's vehicles on behalf of the individuals. The representative needs to be given your details ie: First Name – Last Name – Email Address – Phone No and he will create an account for himself. He will then load your vehicle details with your Name, Email & Phone Number. The registration form is sent to the person whose email is linked to the vehicle registered. If you have no email he will print a registration form for you. Alternately you can register at the venue on the day, which could create some delays. Ideally everyone should register themselves.

Very simple, we trust that it won't cause you any frustration, if you have any problems please give me a call.

### **Venue**

The **venue** for this year's event is again the **Ashburton Training Centre**, details are as follows:

Co-ordinates are: 29°38'43.23"S 30°28'8.62"E

Coming from either Durban or Pietermaritzburg turn off at the Ashburton N3 off ramp, and on the road over the highway, Pope Ellis Drive, turn right and follow the road for +- 2km to the Ashburton Training Centre on the left.

### **Entertainment**

The day will be a family fun day with a free kid's playground and entertainment area, a flea market for the ladies, food stalls for the hungry, a beer garden for the thirsty, with a live band, radio controlled plane and car display, lucky draws and other prizes, and best of all a full range of vintage cars, sport cars, exotic cars, bikes, tractors, steam engines and a special display, for the men. **DO NOT MISS THIS GREAT DAY.**

If you have any queries or problems please do not hesitate to give me a call. Visit our Facebook page for more information.

### **LOTS OF PARKING - NO MORE TRAFFIC PROBLEMS**

Thank you so much for your understanding and co-operating, and help us make this a great event.

If you have any ideas or suggestions on how to improve the event please do not hesitate to contact us.

Regards,

# TAILPIECE

## Time

Time is like a river. You cannot touch the water twice, because the flow that has passed will never pass again. Enjoy every moment of life.

As a bagpiper, I play many gigs. Recently I was asked by a funeral director to play at a graveside service for a homeless man.

He had no family or friends, so the service was to be at a pauper's cemetery in the Nova Scotia back country.

As I was not familiar with the backwoods, I got lost and, being a typical man, I did not stop for directions.

I finally arrived an hour late and saw the funeral guy had evidently gone and the hearse was nowhere in sight. There were only the diggers and crew left and they were eating lunch. I felt badly and apologized to the men for being late.

I went to the side of the grave and looked down and the vault lid was already in place. I did not know what else to do, so I started to play.

The workers put down their lunches and began to gather around. I played out my heart and soul for this man with no family and friends. I played like I have never played before for this homeless man.

And as I played "Amazing Grace", the workers began to weep. They wept; I wept; we all wept together. When I finished, I packed up my bagpipes and started for my car. Though my head was hung low, my heart was full.

As I opened the door to my car, I heard one of the workers say, "I have never seen anything like that before, and I have been putting in septic tanks for twenty years."

Apparently, I am still lost...

It is a man thing.
